## About me

I enjoy using my passions for programming and statistics to attack complex problems in an elegant and reproducible manner.

I am a *Lead Analyst* at Panalgo, a software company headquartered in Boston, MA. I use my background in data science to contribute to various components of our industry-leading healthcare analytics platform. I've had the privilege to leverage my skills in various aspects of the business as our web application has matured. My primary contributions relate to new feature development, reusable code snippets, technical documentation, and customer support.

## Skills

R • Python • Julia • Hugo •  $\text{\LaTeX}$  • Git • MongoDB • XQuery

## Interests

Software Development • Computational Statistics • Machine Learning • Reproducible Research • Workflow Automation

## Miscellaneous

2018 Gupta Family Hackathon Winner  
2015 SAS Certificate in Data Mining  
2015 SAS Institute Award  
2015 Excellence in Economics Award

## Experience

- 2018-Pres. Panalgo Boston, MA  
Lead Analyst, Sr. Analyst, Analyst II  
Design, implement, and test features to improve our software. Manage user-facing R & XQuery code snippet repository. Answer customer support tickets on a variety of topics ranging from basic login troubleshooting to API connections.
- 2017-2018 University of Michigan Ann Arbor, MI  
Data Scientist  
Conducted statistical research involving longitudinal data analysis, functional data analysis, Bayesian hierarchical modeling, data visualization, and data wrangling. Collaborations with University of Michigan Department of Psychiatry and Drexel University Urban Health Collaborative.
- 2015-2017 University of Michigan Ann Arbor, MI  
Graduate Student Research Assistant  
Developed statistical methods and applications in modeling cortisol, a biomarker of stress, as part of a large psychiatric study. Member of Biostatistics for Social Impact lab.
- 2014 Bryant University Smithfield, RI  
Undergraduate Research Assistant  
Implemented econometric analyses concerning the economic impact of children, the education system, and the defense industry in the state of Rhode Island.
- 2014 NC State University Raleigh, NC  
Summer Institute in Biostatistics  
Explored the field of biostatistics through lectures, statistical computing labs, and data analysis project. Sponsored by NHLBI and NCATS.

## Education

- 2017 University of Michigan Ann Arbor, MI  
M.S., Biostatistics
- 2015 Bryant University Smithfield, RI  
B.S., Applied Mathematics & Statistics, Applied Economics  
*Summa Cum Laude*
